student is but seldom obliged to spend one hour of his recreation in-doors.

Strict attention is paid to the moral and religious training of the students. In regard to their studies the most approved methods and the most efficient means are adopted to stimulate, test and develop natural talents and to insure the acquisition of a thorough training and education.

The College possesses a library for the promotion of good reading, a chemical and physical apparatus, a mineral cabinet, and a complete set of anatomical models, etc., for the use of advanced students.

Aware that physical training is also necessary to a thorough education, the faculty spare no pains to secure for the students all the advantages to be derived from approved modes of exercise. The extensive grounds are provided with ball fields, tennis courts, hand-ball alleys, and a large gymnasium, well equipped with bowling alley and athletic apparatus, whilst the shady alleys, which everywhere penetrate the charming pine forests, afford most delightful walks at all seasons of the year.

REGULATIONS.

THE Academic year is divided into two sessions of five months each, beginning respectively on the second Thursday of September and the first of February.

An examination of all the classes is made at the end of each session. Reports are sent four times a year to inform parents of the conduct and improvement of their sons.

Students will be received at any time of the year, and, on entering, each student will be placed in the class for which his previous attainments may qualify him.

Pupils who enter after the first of November, or who absent themselves for any notable time during the year, or who do not return on the day appointed after the holidays, or who withdraw before the end of the year, have no claims to class honors or awards for that Academic year.

Students who contemplate entering the College will find it to their interest to be present at the beginning, and have the benefit of the examination to ensure precise classification, and thus have a fair start with their classmates.

Students desiring to ascend to a higher class must be prepared to pass a satisfactory examination in all the studies prescribed for the class from which they wish to be promoted.

A competent knowledge of the elements of English, Arithmetic, Geography, etc., is required for admission to the Classical or Commercial Course.

Special classes are taught for the benefit of students in the Commercial Course who desire a sufficient knowledge of the Latin language for Law and Medicine.

Music, Drawing, Telegraphy, French and German are optional studies.

Applicants from other Colleges will be required to produce testimonials as to good moral character. No distinction is made in the reception of students on account of their religious opinions; however, for the maintenance of good order, all will be required to conform to the external discipline of the Institution.

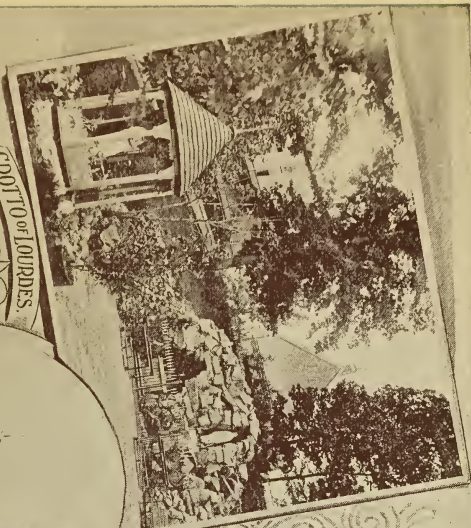

All letters sent or received by students are subject to the inspection of the Director, or his substitute, and may be withheld, if found to contain untruths or anything dangerous to good morals.

Students will not be permitted to have any books or publications that have not been approved by the Director. The cultivation of the moral, no less than the intellectual and physical faculties of those under their charge, is a duty kept constantly and sacredly in view by the Fathers.

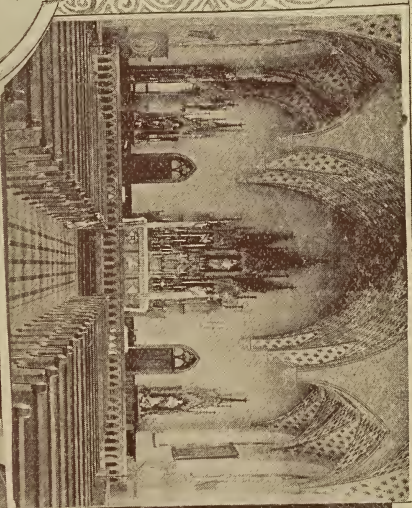

Pocket money intended for necessary and incidental expenses should be deposited with the Director of the College. No pupil is allowed to overdraw his deposit.

When a student is about to withdraw from College, timely notice, by letter to the Director, must be given, his account settled, and traveling expenses advanced.

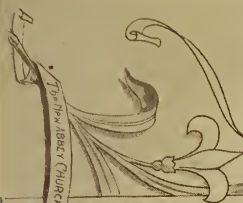

Honors will not be conferred upon students whose debts to the College remain unpaid.

SPECIAL DIRECTIONS.

1. Students will not be permitted to leave the College to procure clothes ; they are, therefore, expected to come provided with three or four suits, and sufficient changes of underwear to meet the requirements of various seasons, and also to last for the whole term of school.

2. Every student should have his name distinctly marked with indelible ink on his linen, etc.

3. Students are required to have light shoes for indoor wear exclusively.

4. For incidental expenses, a small sum of money should be deposited with the Director. No money will be advanced to students for clothes, pocket money or other purposes, by the College officials.

5. All mail and express matter should be addressed: St. Mary's College, Belmont, Gaston County, N. C. All packages sent by express or freight must be prepaid.

6. Telegrams should be simply directed to St. Mary's College, N. C.

7. Pupils entering about the middle of the month are always charged for the full month. No allowance will be made, nor money refunded, for partial absence, or withdrawal before the expiration of the session, except in case of a pupil's serious or protracted illness or dismissal.

8. The mending of clothes and shoes, etc., is done at the College at reasonable rates.

9. Parents or guardians intending to place their sons or wards in the Institution are requested to send them at the commencement of the first

session, as no new classes will be reorganized after September 30th. Students who arrive when classes have opened are a drawback to their classmates, and a source of special trouble to the Officers and Professors of the College. We must not let classmates suffer to accommodate late comers.

10. Studies will be resumed on Thursday, September 9th, 1897.

RULES OF CONDUCT.

STUDENTS should at all times be obedient and respectful to the Officers and Professors of the College, observe habitual politeness towards one another, and always, and in all places, observe the rules of propriety.

2. Strict silence is to be observed during study and class hours, when going to, and coming from, chapel and dining-room, at table, in dormitory and wash-room.

3. Students should at all times be where duty calls them—thus, during study hours they are to be in the class-room or in the study-hall; during the hours of recreation they are to be on the playgrounds, if the weather permits, else in whatever other place may be assigned them for recreation.

4. All running and noisy plays within the College are strictly prohibited.

5. Students will be held responsible for any damage they do to desks, chairs, benches, windows, walls, etc., etc.

6. Desks, beds, study and class-rooms, the lavatory, the dormitory, the halls—in fact, all apartments of the College—must always be kept clean and in good order.

7. When students become aware of the loss of anything, they shall at once notify the Prefect; late information will be useless.

8 All linen must be distinctly marked with the owner's name in full.

9. No articles of clothing whatever will be

suffered to remain on the beds, or in the dormitory, except on those days on which wash is given out or received.

10. Students are required to wear light shoes within doors.

11. All books and papers against sound morals will not only be confiscated, but will also subject the owner to punishment.

12. The use of tobacco in any form whatever is prohibited.

13. Unless there be some extraordinary reason, letters should be written only on Saturdays. They must all invariably be handed open to the Prefect. Such as fail to comply with this rule are suspected of unlawful correspondence, and may, according to circumstances, be expelled.

14. Correspondence with students who have been dismissed, or who have left College in bad standing, is most positively prohibited.

15. All students who, after an absence from College, return to same, must report to the Director before they enter the study-hall.

16. Students who are discovered to exert a general or special bad influence, or who pursue a course of habitual disregard of the laws of the Institution, or endeavor to excite or promote a feeling of discontent or insubordination, will not be permitted to continue at the College.

17. The same course is pursued with a student who is found incorrigibly idle, and whose improvement, after all proper means have been employed to effect a reformation, is not satisfactory.

18. On days of general Communion, all the students who have already made their first Holy

Communion, are to approach during the Holy Mass, at which they usually assist.

19. No student is allowed to lend, borrow, or exchange personal effects of any kind.

20. Day scholars are strictly forbidden to take out letters, or to perform other errands for boarders.

21. Finally, those who are rude, or coarse and vulgar, or immodest, in their habits and conversation, or who do not exhibit an honest and serious desire to comply with the regulations of the College, will, after repeated fruitless admonitions, be forthwith dismissed.

TERMS.

(For One Session of Five Months.)

CASH for five months in advance is strictly demanded. The College is not endowed; it is entirely dependent for its support on the fees paid for board, tuition, etc., which are as follows:

Tuition, Board, Bedding and Washing of Linen .	\$100 00
Tuition in Chemistry	15 00
Tuition in Natural Philosophy	10 00
Tuition in Drawing, Freeland, Mechanical or Architectural	10 00
Tuition in Oil Painting	20 00
Tuition in Music	16 00
Use of Piano or Organ	5 00
Phonography	5 00
Telegraphy, with use of instrument	15 00
Type-Writing (Remington)	10 00
French and Spanish, each	10 00
Graduation Fee	5 00

Remittances should be made by Bank Draft, Check, Express, or Post-Office Money Order on Belmont. Money sent in registered letter is at the risk of the sender.

The Piano is the only musical instrument furnished by the College.

Books, stationery, music, etc., can be procured at the Institution at current prices. Medical attendance and medicines at physician's charges.

Students remaining at the College during vacation will be charged \$40.00. It is, however, advisable that parents recall their sons home during this time, as pupils always resume their studies with greater vigor and alacrity after a vacation spent at home.

All communications should be addressed to:

The Commercial Course.

A thorough, practical business education is the

prime object of the Commercial Course. Yet it also aims to prepare young men for educated society, supplying them with such useful knowledge as may fit them for entering a professional calling, should this be desired. A competent knowledge of the elements of English, Arithmetic, Geography, etc., is requisite for admission to this course. Students who pass a satisfactory examination in all the branches prescribed, may receive the Diploma, with the title of Master of Accounts. Three years are ordinarily required for graduation; more advanced students may, however, be admitted to the second or first class on entering the College.

The Classical Course.

Besides giving a thorough course of Classical Studies, the Fathers of St. Mary's College are most anxious to educate Priests for the Southern missions.

Wealthy Southern ladies and gentlemen can do no more meritorious work than aid deserving young candidates for the Priesthood to attain their vocations. The Fathers will most joyfully assist in this pious work, and hope to have several more scholarships founded in the course of this year.

The degree of Bachelor of Arts is conferred upon students who pass a satisfactory examination in all the languages and sciences taught in the Classical Course.

St. Mary's College

TS connected with Maryhelp Abbey, and conducted by the Fathers of the Order of St. Benedict. It is situated in Gaston County, eleven miles southwest of Charlotte; two and one-half miles from Mt. Holly, on the Sea-Board Air Line, and one mile from Belmont, on the Southern Railroad.

The express from the North over Charlotte stops at Belmont at 12:40 p. m.; trains from Atlanta at 8:38 a. m. and 5:50 p. m. Local trains also stop at Mt. Holly and Belmont. Hotel accommodations and conveyances at Belmont. Wires connect the Western Union Telegraph with the College, where an operator is kept in constant attendance.

St. Mary's College was chartered April 1, 1886, with all the privileges of Colleges and Universities in North Carolina. The present College is a handsome brick building, well lighted and ventilated and furnished with all desirable conveniences.

The students, according to age, form three divisions, each of which has its own study-hall, and is under the control of Prefects.

The climate of Gaston County is proverbially healthy. The land undulates gently, forming a

most beautiful succession of hills and valleys. The summer is long, but never over-warm ; the coolness of the night ever invites to quiet rest. The winter lasts scarcely five or six weeks—even then the student is seldom obliged to spend one hour of his recreation in-doors.

Strict attention is paid to the moral and religious training of the students. In regard to their studies the most approved methods and the most efficient means are adopted to stimulate, test and develop natural talents and to insure the acquisition of a thorough training and education.

The College possesses a library for the promotion of good reading, a chemical and physical apparatus, a mineral cabinet, and a complete set of anatomical models, etc., for the use of advanced students.

Aware that physical training is also necessary to a thorough education, the faculty spare no pains to secure for the students all the advantages to be derived from approved modes of exercise. The extensive grounds are provided with ball fields, tennis courts, hand-ball alleys, and a large gymnasium, well equipped with bowling alley and athletic apparatus. The shady alleys, which everywhere penetrate the charming pine forests, afford most delightful walks at all seasons of the year.

Regulations.

THE Academic year is divided into two sessions of five months each, beginning respectively on the second Thursday of September and the first of February.

An examination of all the classes is made at the end of each session. Reports are sent four times a year to inform parents of the conduct and improvement of their sons.

Students will be received at any time of the year, and, on entering, each student will be placed in the class for which his previous attainments may qualify him.

Pupils who enter after the first of November; who absent themselves for any notable time during the year; who do not return on the day appointed after the holidays; or who withdraw before the end of the year, have no claims to class honors or awards for that Academic year.

Students who contemplate entering the College will find it to their interest to be present at the beginning, and have the benefit of the examination to ensure precise classification, and thus have a fair start with their classmates.

Students desiring to ascend to a higher class must be prepared to pass a satisfactory examination in all the studies prescribed for the class from which they wish to be promoted.

A competent knowledge of the elements of English, Arithmetic, Geography, etc., is required for admission to the Classical or Commercial Course.

Special classes are taught for the benefit of students in the Commercial Course who desire a sufficient knowledge of the Latin language for Law and Medicine.

Music, Drawing, Telegraphy, French and German are optional studies.

Applicants from other Colleges will be required to produce testimonials as to good moral character. No distinction is made in the reception of students on account of their religious opinions; however, for the maintenance of good order, all will be required to conform to the external discipline of the Institution.

All letters sent or received by students are subject to the inspection of the Director, or his substitute, and may be withheld, if found to contain untruths or anything dangerous to good morals.

Students will not be permitted to have any books or publications that have not been approved by the Director. The cultivation of the moral, no less than the intellectual and physical faculties of those under their charge, is a duty kept constantly and sacredly in view by the Fathers.

Pocket money intended for necessary and incidental expenses should be deposited with the Director of the College. No pupil is allowed to overdraw his deposit.

When a student is about to withdraw from Col-

lege, timely notice must be given by letter to the Director, his account settled, and traveling expenses advanced.

Honors will not be conferred upon students whose debts to the College remain unpaid.

Special Directions.

1. Students will not be permitted to leave the College to procure clothes; they are, therefore, expected to come provided with three or four suits, and sufficient changes of underwear to meet the requirements of various seasons, and also to last for the whole term of school.

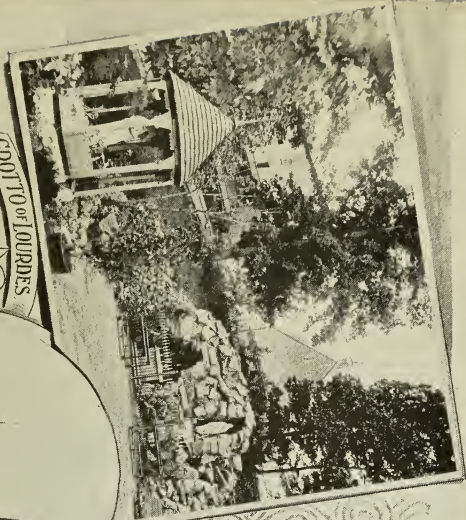

2. Every student should have his name distinctly marked with indelible ink on his linen, etc.

3. Students need not bring bedding, tableware, &c., as these are furnished by the Institution.

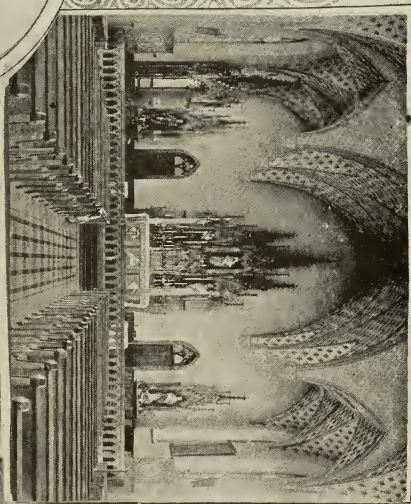

4. Students are required to have light shoes for indoor wear exclusively.

5. For incidental expenses, a small sum of money should be deposited with the Director. No money will be advanced to students for clothes, pocket money or other purposes, by the College officials.

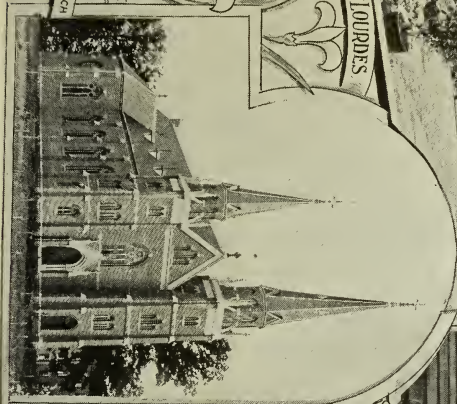

6. All mail and express matter should be addressed: St. Mary's College, Belmont, Gaston County, N. C. All packages sent by express or freight must be prepaid.

7. Telegrams should be directed to St. Mary's College Telegraph Office, N. C.

8. Pupils entering about the middle of the month are always charged for the full month. No allowance will be made, nor money refunded, for partial absence, or withdrawal before the expiration of the session, except in case of a pupil's serious or protracted illness or dismissal.

9. The mending of clothes and shoes, etc., is done at the College at reasonable rates.

10. Parents or guardians intending to place their sons or wards in the Institution are requested to send them at the commencement of the first session, as new classes will not be organized after September 30th. Students who arrive when classes have opened are a drawback to their classmates, and a source of special trouble to the Officers and Professors of the College. We must not let classmates suffer to accommodate late comers.

Studies will be resumed on Thursday, September 8th, 1898.

Rules of Conduct.

STUDENTS should at all times be obedient and respectful to the Officers and Professors of the College, observe habitual politeness towards one another, and always, and in all places, observe the rules of propriety.

2. Strict silence is to be observed during study and class hours, when going to, and coming from chapel and dining-room, at table, in dormitory and wash-room.

3. Students should at all times be where duty calls them—thus, during study hours they are to be in the class-room or in the study-hall; during the hours of recreation they are to be on the play-grounds, if the weather permit, else in whatever place may be assigned them for recreation.

4. All running and noisy plays within the College are strictly prohibited.

5. Students will be held responsible for any damage they do to desks, chairs, benches, windows, walls, etc., etc.

6. Desks, beds, study and class-rooms, the lavatory, the dormitory, the halls—in fact, all apartments of the College—must always be kept clean and in good order.

7. When students become aware of the loss of anything, they shall at once notify the Prefect; late information will be useless.

8. All linen must be distinctly marked with the owner's name in full.

9. No articles of clothing whatever will be suffered to remain on the beds, or in the dormitory, except on those days on which wash is given out or received.

10. Students are required to wear light shoes within doors.

11. All books and papers against sound morals will not only be confiscated, but will also subject the owner to punishment.

12. The use of tobacco in any form whatever is prohibited.

13. Unless there be some extraordinary reason, letters should be written only on Saturdays. They must all invariably be handed open to the Prefect. Such as fail to comply with this rule are suspected of unlawful correspondence, and may, according to circumstances, be expelled.

14. Correspondence with students who have been dismissed, or who have left College in bad standing, is most positively prohibited.

15. All students who, after an absence from College, return to same, must report to the Director before they enter the study-hall.

16. Students who are discovered to exert a general or special bad influence, or who pursue a course of habitual disregard of the laws of the Institution, or endeavor to excite or promote a feeling of discontent or insubordination, will not be permitted to continue at the College.

17. The same course is pursued with a student who is found incorrigibly idle, and whose improvement, after all proper means have been employed to effect a reformation, is not satisfactory.

18. On days of general Communion, all the students who have already made their first Holy Communion, are to approach during the Holy Mass, at which they usually assist.

19. No student is allowed to lend, borrow, or exchange personal effects of any kind.

20. Day scholars are strictly forbidden to take out letters, or to perform other errands for boarders.

21. Finally, those who are rude, or coarse and vulgar, or immodest, in their habits and conversation, or who do not exhibit an honest and serious desire to comply with the regulations of the College, will, after repeated fruitless admonitions, be forthwith dismissed.

Terms.

(For One Session of Five Months.)

CASH for five months in advance is strictly demanded. The College is not endowed; it is entirely dependent for its support on the fees paid for board, tuition, etc., which are as follows:

Tuition, Board, Bedding and Washing of Linen .	\$100 00
Tuition in Chemistry	15 00
Tuition in Natural Philosophy	10 00
Tuition in Drawing, Freehand, Mechanical or Architectural	10 00
Tuition in Oil Painting	20 00
Tuition in Music	16 00
Use of Piano or Organ	5 00
Phonography	5 00
Telegraphy, with use of instrument	15 00
Type-Writing (Remington)	10 00
French and Spanish, each	10 00
Graduation Fee	5 00

Remittances should be made by Bank Draft, Check, Express, or Post-Office Money Order on Belmont. Money sent in registered letter is at the risk of the sender.

The Piano is the only musical instrument furnished by the College.

Books, stationery, music, etc., can be procured at the Institution at current prices. Medical attendance and medicines at physician's charges.

Students remaining at the College during vacation will be charged \$40.00. It is, however, advisable that parents recall their sons home during this time, as pupils always resume their studies with greater vigor and alacrity after a vacation spent at home.

 All communications should be addressed to:

The Commercial Course.

A thorough, practical business education is the prime object of the Commercial Course. Yet it also aims to prepare young men for educated society, supplying them with such useful knowledge as may fit them for entering a professional calling, should this be desired. A competent knowledge of the elements of English, Arithmetic, Geography, etc., is requisite for admission to this course. Students who pass a satisfactory examination in all the branches prescribed, may receive the Diploma, with the title of Master of Accounts. Three years are ordinarily required for graduation; more advanced students may, however, be admitted to the second or first class on entering the College.

The Classical Course.

Besides giving a thorough course of Classical Studies, the Fathers of St. Mary's College are most anxious to educate Priests for the Southern missions.

Wealthy Southern ladies and gentlemen can do no more meritorious work than aid deserving young candidates for the Priesthood to attain their vocations. The Fathers will most joyfully assist in this pious work, and hope to have several more scholarships founded in the course of this year.

The degree of Bachelor of Arts is conferred upon students who pass a satisfactory examination in all the languages and sciences taught in the Classical Course.

THE ACADEMY OF THE SACRED HEART.

THIS new Academy for girls and young ladies is erected on a beautiful knoll between Belmont and St. Mary's College. It is under the direction of the Sisters of Mercy. Furnished with all modern improvements, steam-heating, water, etc., and so favorably situated in a thoroughly healthy and mild climate, it will soon become the home of young ladies from all parts of the South. Parents and guardians whose sons or wards attend St. Mary's College will find no better school for their daughters than the Sacred Heart Academy.

St. Mary's College

TS connected with Maryhelp Abbey, and conducted by the Fathers of the Order of St. Benedict. It is situated in Gaston County, eleven miles southwest of Charlotte; two and one-half miles from Mt. Holly, on the Sea-Board Air Line, and one mile from Belmont, on the Southern Railroad.

The express from the North over Charlotte stops at Belmont at 12:51 p. m.; trains from Atlanta at 8:38 a. m. and 5:50 p. m. Local trains also stop at Mt. Holly and Belmont. Hotel accommodations and conveyances at Belmont. Wires connect the Western Union Telegraph with the College, where an operator is kept constantly in attendance.

St. Mary's College was chartered April 1, 1886, with all the privileges of Colleges and Universities in North Carolina. The present College is a handsome brick building, lighted by electricity and furnished with all desirable conveniences.

The students, according to age, form three divisions, each of which has its own study-hall, and is under the control of Prefects.

The climate of Gaston County is proverbially healthful. The land undulates gently, forming a most beautiful succession of hills and valleys. The summer is long, but never over-warm; the coolness of the night ever invites to quiet rest. The winter lasts scarcely five or six weeks—even then the student is seldom obliged to spend one hour of his recreation in-doors.

Strict attention is paid to the moral and religious training of the students. In regard to their studies the most approved methods and the most efficient means are adopted to stimulate, test and develop natural talents and to insure the acquisition of a thorough training and education.

The College possesses a library for the promotion of good reading, a chemical and physical apparatus, a mineral cabinet, and a complete set of anatomical models, etc., for the use of advanced students.

Aware that physical training is also necessary to a thorough education, the faculty spare no pains to secure for the students all the advantages to be derived from approved modes of exercise. The extensive grounds are provided with ball fields, tennis courts, hand-ball alleys, and a large gymnasium, well equipped with bowling alley and athletic apparatus. The shady alleys, which everywhere penetrate the charming pine forests, afford most delightful walks at all seasons of the year.

Regulations.

THE Academic year is divided into two sessions of five months each, beginning respectively on the second Thursday of September, and the first of February.

An examination of all the classes is made at the end of each session. Reports are sent four times a year to inform parents of the conduct and improvement of their sons.

Students will be received at any time of the year, and, on entering, each student will be placed in the class for which his previous attainments may qualify him.

Pupils who enter after the first of November ; who absent themselves for any notable time during the year ; who do not return on the day appointed after the holidays ; or who withdraw before the end of the year, have no claims to class honors or awards for that Academic year.

Students who contemplate entering the College will find it to their interest to be present at the beginning, and have the benefit of the examination to ensure precise classification, and thus have a fair start with their classmates.

Students desiring to ascend to a higher class must be prepared to pass a satisfactory examination in all the studies prescribed for the class from which they wish to be promoted.

A competent knowledge of the elements of English, Arithmetic, Geography, etc., is required for admission to the Classical or Commercial Course.

Special classes are taught for the benefit of students in the Commercial Course who desire a sufficient knowledge of the Latin language for Law and Medicine.

Music, Drawing, Telegraphy, French and German are optional studies.

Applicants from other Colleges will be required to produce testimonials as to good moral character. No distinction is made in the reception of students on account of their religious opinions ; however, for the maintenance of good order, all will be required to conform to the external discipline of the Institution.

All letters sent or received by students are subject to the inspection of the Rector, or his substitute, and may be withheld, if found to contain untruths or anything dangerous to good morals.

Students will not be permitted to have any books or publications that have not been approved by the Rector. The cultivation of the moral, no less than the intellectual and physical faculties of those under their charge, is a duty kept constantly and sacredly in view by the Fathers.

Pocket money intended for necessary and incidental expenses should be deposited with the Rector of the College. No pupil is allowed to overdraw his deposit.

When a student is about to withdraw from College,

timely notice must be given by letter to the Rector, his account settled, and traveling expenses advanced.

Honors will not be conferred upon students whose debts to the College remain unpaid.

Special Directions.

1. Students will not be permitted to leave the College to procure clothes ; they are, therefore, expected to come provided with three or four suits, and sufficient changes of underwear to meet the requirements of various seasons, and also to last for the whole term of school.

2. Every student should have his name distinctly marked with indelible ink on his linen, etc.

3. Students need not bring bedding, tableware, &c., as these are furnished by the Institution.

4. Students are required to have light shoes for indoor wear exclusively.

5. For incidental expenses, a small sum of money should be deposited with the Rector. No money will be advanced to students for clothes, pocket money or other purposes, by the College officials.

6. All mail and express matter should be addressed: St. Mary's College, Belmont, Gaston County, N. C. All packages sent by express or freight must be prepaid.

7. Telegrams should be directed to St. Mary's College Telegraph Office, N. C.

8. Pupils entering about the middle of the month are always charged for the full month. No allowance will be made, nor money refunded, for partial absence, or withdrawal before the expiration of the session, except in case of a pupil's serious or protracted illness, or dismissal.

9. The mending of clothes and shoes, etc., is done at the College at reasonable rates.

10. Parents or guardians intending to place their sons or wards in the Institution are requested to send them at the commencement of the first session, as new classes will not be organized after September 30th. Students who arrive when classes have opened are a drawback to their classmates, and a source of special trouble to the Officers and Professors of the College. We must not let classmates suffer to accommodate late comers.

Studies will be resumed on Thursday, September 7th, 1899.

Rules of Conduct.

STUDENTS should at all times be obedient and respectful to the Officers and Professors of the College, observe habitual politeness towards one another, and always, and in all places, observe the rules of propriety.

2. Strict silence is to be observed during study and class hours, when going to, and coming from chapel and dining-room, at table, in dormitory and wash-room.

3. Students should at all times be where duty calls them—thus, during study hours they are to be in the class-room or in the study-hall; during the hours of recreation they are to be on the play-grounds, if the weather permit, else in whatever place may be assigned them for recreation.

4. All running and noisy plays within the College are strictly prohibited.

5. Students will be held responsible for any damage they do to desks, chairs, benches, windows, walls, etc.

6. Desks, beds, study and class-rooms, the lavatory, the dormitory, the halls—in fact, all apartments of the College—must always be kept clean and in good order.

7. When students become aware of the loss of anything, they shall at once notify the Prefect; late information will be useless.

8. All linen must be distinctly marked with the owner's name in full.

9. No articles of clothing whatever will be suffered to remain on the beds, or in the dormitory, except on those days on which wash is given out or received.

10. Students are required to wear light shoes within doors.

11. All books and papers against sound morals will not only be confiscated, but will also subject the owner to punishment.

12. The use of tobacco in any form whatever is prohibited.

13. Unless there be some extraordinary reason, letters should be written only on Saturdays. They must all invariably be handed open to the Prefect. Such as fail to comply with this rule are suspected of unlawful correspondence, and may, according to circumstances, be expelled.

14. Correspondence with students who have been dismissed, or who have left College in bad standing, is most positively prohibited.

15. All students who, after an absence from College, return to same, must report to the Rector before they enter the study hall.

16. Students who are discovered to exert a general or special bad influence, or who pursue a course of habitual disregard of the laws of the Institution, or endeavor to excite or promote a feeling of discontent or insubordination, will not be permitted to continue at the College.

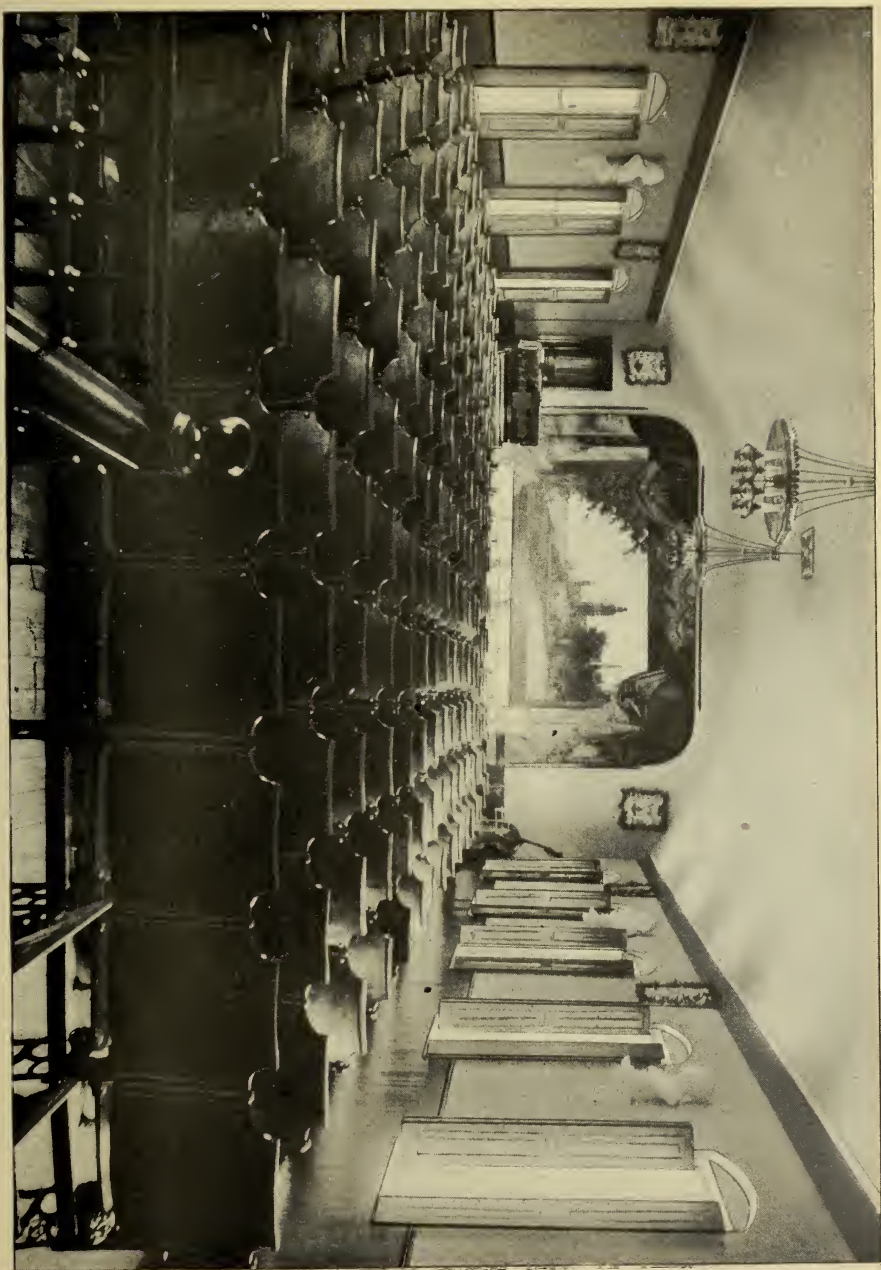

17. The same course is pursued with a student who is found incorrigibly idle and whose improvement, after all proper means have been employed to effect a reformation, is not satisfactory.

18. On days of general Communion, all the students who have already made their first Holy Communion, are to approach during the Holy Mass, at which they usually assist.

19. No student is allowed to lend, borrow or exchange personal effects of any kind.

20. Day scholars are strictly forbidden to take out letters, or to perform other errands for boarders.

21. Finally, those who are rude, or coarse and vulgar, or immodest, in their habits and conversation, or who do not exhibit an honest and serious desire to comply with the regulations of the College, will, after repeated fruitless admonitions, be forthwith dismissed.

MUSIC HALL.

Terms.

(For One Session of Five Months.)

CASH for five months in advance is strictly demanded. The College is not endowed; it is entirely dependent for its support on the fees paid for board, tuition, etc., which are as follows :

Tuition, Board, Bedding and Washing of Linen.....	\$100 00
Tuition in Chemistry.....	15 00
Tuition in Natural Philosophy.....	10 00
Tuition in Drawing, Freehand, Mechanical or Architectural.....	10 00
Tuition in Oil Painting.....	20 00
Tuition in Music.....	16 00

Graduation Fee.....	5 00

Remittances should be made by Bank Draft, Check, Express, or Post-Office Money Order on Belmont. Money sent in registered letter is at the risk of the sender.

The Piano is the only musical instrument furnished by the College.

Books, stationery, music, etc., can be procured at the institution at current prices. Medical attendance and medicines at physician's charges.

Students remaining at the College during vacation will be charged \$40.00. It is, however, advisable that parents recall their sons home during this time, as pupils always resume their studies with greater vigor and alacrity after a vacation spent at home.

 All communications should be addressed to :

The Commercial Course.

A thorough, practical business education is the prime object of the Commercial Course. Yet it also aims to prepare young men for educated society, supplying them with such useful knowledge as may fit them for entering a professional calling, should this be desired. A competent knowledge of the elements of English, Arithmetic, Geography, etc., is requisite for admission to this course. Students who pass a satisfactory examination in all the branches prescribed, may receive the Diploma, with the title of Master of Accounts. Three years are ordinarily required for graduation ; more advanced students may, however, be admitted to the second or first class on entering the College.

The Classical Course.

Besides giving a thorough course of Classical Studies, the Fathers of St. Mary's College are most anxious to educate Priests for the Southern missions.

Wealthy Southern ladies and gentlemen can do no more meritorious work than aid deserving young candidates for the Priesthood to attain their vocations. The Fathers will most joyfully assist in this pious work, and hope to have several more scholarships founded in the course of this year.

The degree of Bachelor of Arts is conferred upon students who pass a satisfactory examination in all the languages and sciences taught in the Classical Course.

THE ACADEMY OF THE SACRED HEART.

THIS new Academy for girls and young ladies is erected on a beautiful knoll between Belmont and St. Mary's College. It is under the direction of the Sisters of Mercy. Furnished with all modern improvements, steam-heating, water, etc., and so favorably situated in a thoroughly healthy and mild climate, it will soon become the home of young ladies from all parts of the South. Parents and guardians whose sons or wards attend St. Mary's College will find no better school for their daughters than the Sacred Heart Academy.

St. Mary's College

IS connected with Maryhelp Abbey, and conducted by the Fathers of the Order of St. Benedict. It is situated in Gaston County, eleven miles southwest of Charlotte ; two and one-half miles from Mt. Holly, on the Seaboard Air Line; and one mile from Belmont, on the Southern Railroad.

The express from the North over Charlotte stops at Belmont at 12:51 p. m.; trains from Atlanta at 9:11 a. m. and 5:46 p. m. Local trains also stop at Mt. Holly and Belmont. Hotel accommodations and conveyances at Belmont. Wires connect the Western Union Telegraph with the College, where an operator is kept constantly in attendance. Long Distance Telephone in the building.

St. Mary's College was chartered April 1, 1886, with all the privileges of Colleges and Universities in North Carolina. The present College is a handsome brick building, lighted by electricity and furnished with all desirable conveniences.

The students, according to age, form three divisions, each of which has its own study-hall, and is under the control of Prefects.

The climate of Gaston County is proverbially healthful. The land undulates gently, forming a most beautiful succession of hills and valleys. The summer is long, but never over-warm ; the coolness of the night ever invites to quiet rest. The winter lasts scarcely five or six weeks—even then the student

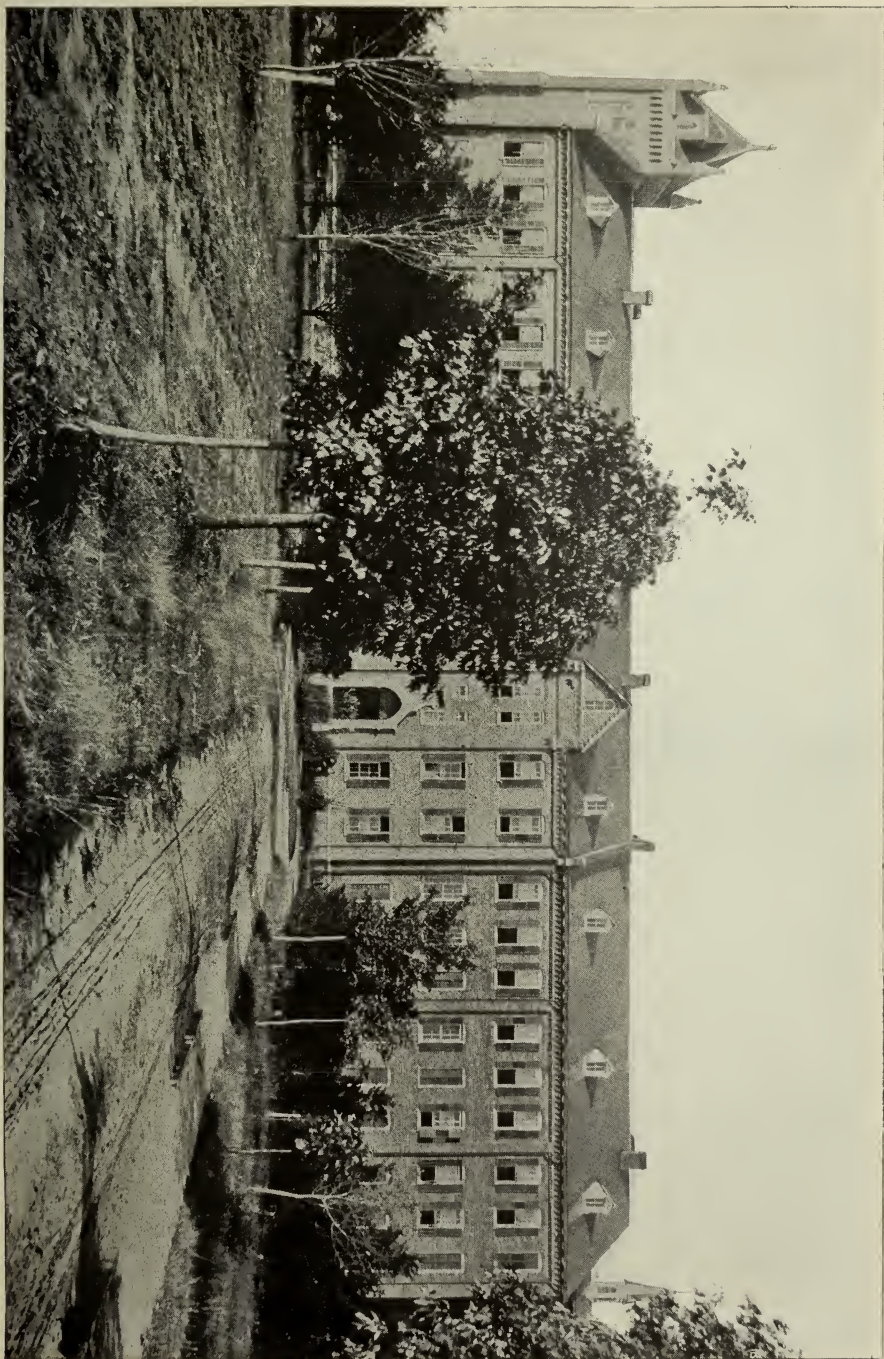

is seldom obliged to spend one hour of his recreation in-doors.

Strict attention is paid to the moral and religious training of the students. In regard to their studies the most approved methods and the most efficient means are adopted to stimulate, test and develop natural talents, and to insure the acquisition of a thorough training and education.

The College possesses a library for the promotion of good reading, chemical and physical apparatus, a mineral cabinet, and a complete set of anatomical models, for the use of advanced students.

Aware that physical training is also necessary to a thorough education, the faculty spare no pains to secure for the students all the advantages to be derived from approved modes of exercise. The extensive grounds are provided with ball fields, tennis courts, hand-ball alleys, and a large gymnasium, well equipped with bowling alley and athletic apparatus. The shady alleys, which everywhere penetrate the charming pine forests, afford most delightful walks at all seasons of the year.

Regulations.

THE Academic year is divided into two sessions of five months each, beginning respectively on the second Monday of September, and the first of February.

An examination of all the classes is made at the end of each session. Reports are sent four times a year to inform parents of the conduct and improvement of their sons.

Students will be received at any time of the year, and on entering, each student will be placed in the class for which his previous attainments may qualify him.

Pupils who enter after the first of November; who absent themselves for any notable time during the year; who do not return on the day appointed after the holidays; or who withdraw before the end of the year, have no claims to class honors or awards for that Academic year.

Students who contemplate entering the College will find it to their interest to be present at the beginning, and have the benefit of the examination to ensure precise classification, and thus have a fair start with their classmates.

Students desiring to ascend to a higher class must be prepared to pass a satisfactory examination in all the studies prescribed for the class from which they wish to be promoted.

A competent knowlege of the elements of English, Arithmetic, Geography, etc., is required for admission to the Classical or Commercial Course.

Special classes are taught for the benefit of students in the Commercial Course who desire a sufficient knowledge of the Latin language for Law and Medicine.

Music, Drawing, Telegraphy, French and German are optional studies.

Applicants from other Colleges will be required to produce testimonials as to good moral character. No distinction is made in the reception of students on account of their religious opinions ; however, for the maintenance of good order, all will be required to conform to the external discipline of the Institution.

All letters sent or received by students are subject to the inspection of the Rector, or his substitute, and may be withheld, if found to contain untruths or anything dangerous to good morals.

Students will not be permitted to have any books or publications that have not been approved by the Rector. The cultivation of the moral, no less than the intellectual and physical faculties of those under their charge, is a duty kept constantly and sacredly in view by the Fathers.

When a student is about to withdraw from College, timely notice must be given by letter to the Rector, his account settled, and traveling expenses advanced.

Honors will not be conferred upon students whose debts to the College remain unpaid.

Special Directions.

1. Students will not be permitted to leave the College to procure clothes ; they are, therefore, expected to come provided with three or four suits, and sufficient changes of underwear to meet the requirements of various seasons, and also to last for the whole term of school.

2. Students need not bring bedding, tableware, &c., as these are furnished by the institution.

3. For incidental expenses, a small sum of money should be deposited with the Rector. No money will be advanced to students for clothes, pocket money or other purposes, by the College officials.

4. All mail and express matter should be addressed: St. Mary's College, Belmont, Gaston County, N. C. All packages sent by express or freight must be pre-paid.

5. Telegrams should be directed to St. Mary's College Telegraph Office, N. C.

6. Pupils entering about the middle of the month are always charged for the full month. No allowance will be made, nor money refunded, for partial absence, or withdrawal before the expiration of the session, except in case of a pupil's serious or protracted illness, or dismissal.

7. The mending of clothes and shoes, etc., is done at the College at reasonable rates.

8. Students spending the Christmas Holidays at home, are requested to leave their trunks at the College.

9. Parents or guardians intending to place their sons or wards in the Institution are requested to send them at the commencement of the first session, as new classes will not be organized after September 30th. Students who arrive when classes have opened are a drawback to their classmates, and a source of special trouble to the Officers and Professors of the College. We must not let classmates suffer to accommodate late comers.

Studies will be resumed Monday, September 10th, 8 A. M. All students are to attend the solemn opening services, Sunday, September 9th, 10 A. M.

Rules of Conduct.

STUDENTS should at all times be obedient and respectful to the Officers and Professors of the College, observe habitual politeness towards one another, and always, and in all places, observe the rules of propriety.

2. Strict silence is to be observed during study and class hours, when going to, and coming from chapel and dining-room, at table, in dormitory and wash-room.

3. Students should at all times be where duty calls them—thus, during study hours they are to be in the class-room or in the study-hall ; during the hours of recreation they are to be on the play-grounds, if the weather permits, else in whatever place may be assigned them for recreation.

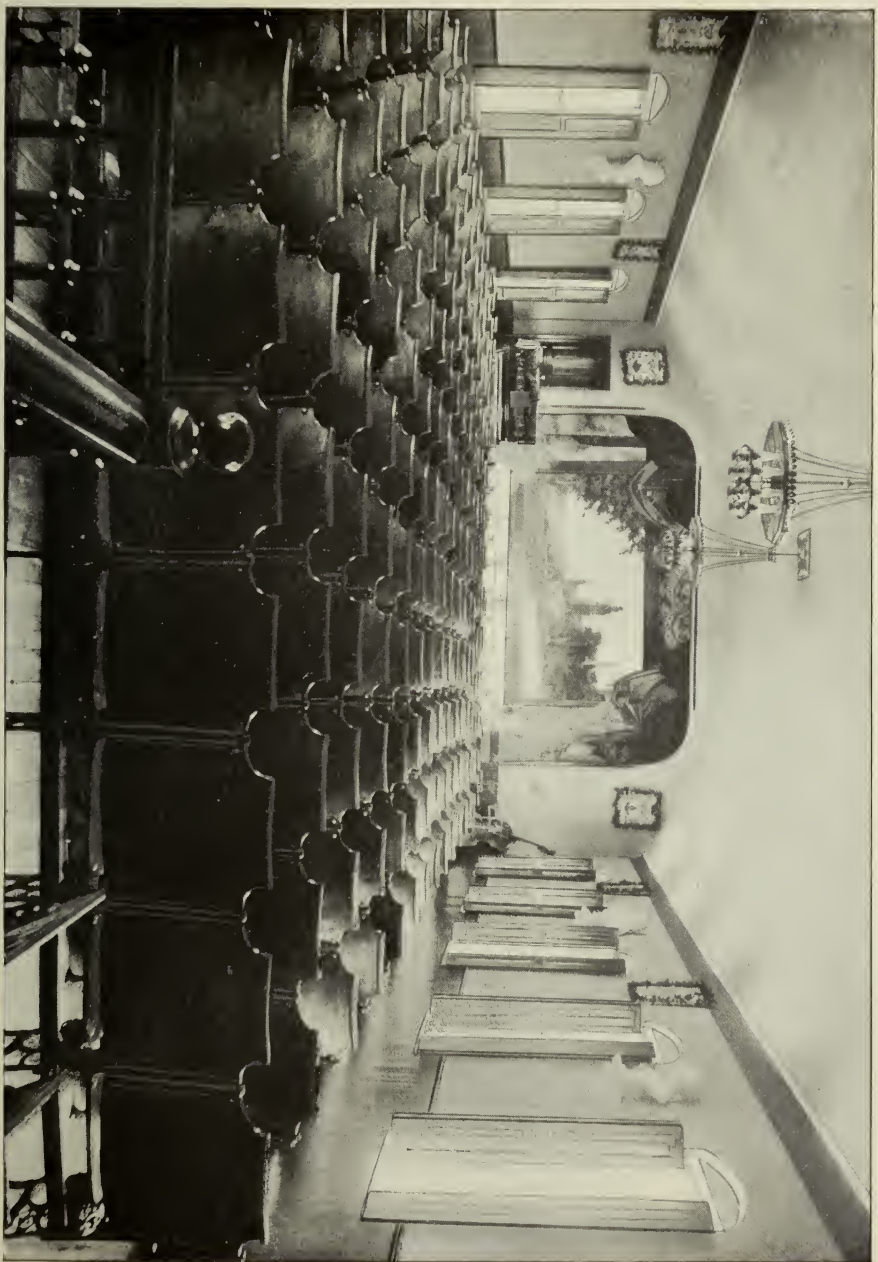

4. All running and noisy plays within the College are strictly prohibited.

5. Students will be held responsible for any damage they do to desks, chairs, benches, windows, walls, etc.

6. Desks, beds, study and class-rooms, the lavatory, the dormitory, the halls—in fact, all apartments of the College—must always be kept clean and in good order.

7. When students become aware of the loss of anything, they shall at once notify the Prefect ; late information will be useless.

8. All linen must be distinctly marked with the owner's name in full.

MUSIC HALL.

9. No articles of clothing whatever will be suffered to remain on the beds, or in the dormitory, except on those days on which wash is given out or received.

10. Students are required to wear light shoes within doors.

11. All books and papers against sound morals will not only be confiscated, but will also subject the owner to punishment.

12. The use of tobacco in any form whatever is prohibited.

13. Unless there be some extraordinary reason letters should be written only on Saturdays and Sundays. They must all invariably be handed open to the Prefect.

14. Correspondence with students who have been dismissed, or who have left College in bad standing, is most positively prohibited.

15. All students who, after an absence from College, return to same, must report to the Rector before they enter the study hall.

16. Students who are discovered to exert a general or special bad influence, or who pursue a course of habitual disregard of the laws of the Institution, or endeavor to excite or promote a feeling of discontent or insubordination, will not be permitted to continue at the College,

17. The same course is pursued with a student who is found incorrigibly idle and whose improvement, after all proper means have been employed to effect a reformation, is not satisfactory.

18. On days of general Communion, all the students who have already made their first Holy Com-

munion, are to approach during the Holy Mass, at which they usually assist.

19. No student is allowed to lend, borrow or exchange personal effects of any kind.

20. Day scholars are strictly forbidden to take out letters, or to perform other errands for boarders.

21. Finally, those who are rude, or coarse and vulgar, or immodest, in their habits and conversation, or who do not exhibit an honest and serious desire to comply with the regulations of the College, will, after repeated fruitless admonitions, be forthwith dismissed.

Terms.

(For One Session of Five Months.)

CASH for five months in advance is strictly demanded. The College is not endowed; it is entirely dependent upon its support on the fees paid for board, tuition, etc., which are as follows :

Tuition, Board, Bedding and Washing of Linen.....	\$100.00
Tuition in Chemistry.....	15.00
Tuition in Natural Philosophy.....	10.00
Tuition in Drawing, Freehand, Mechanical or Architectural.....	10.00
Tuition in Oil Painting.....	20.00
Tuition in Music.....	16.00
Use of Piano or Organ.....	5.00
Phonography.....	5.00

Typewriting, (Remington).....	10.00
French, Spanish, Italian, each.....	10.00
Graduation Fee.....	5.00
Tuition, Day Scholars.....	20.00

Remittances should be made by Bank Draft, Check, Express, or Post-Office Money Order on Belmont. Money sent in registered letter is at the risk of the sender.

The Piano is the only musical instrument furnished by the College.

Books, stationery, music, etc., can be procured at the institution at current prices. Medical attendance and medicine at physician's charges.

Students remaining at the College during vacation will be charged \$40.00. It is, however, advisable that parents recall their sons home during this time, as pupils always resume their studies with greater vigor and alacrity after a vacation spent at home.

 All communications should be addressed to :

Course of Instruction.

Preparatory Course.

THIS class is intended for pupils who are not sufficiently advanced to enter the Commercial or Classical Course. It presents boys and young men whose time and means are limited, with a good opportunity for obtaining a fair knowledge of English, German, Arithmetic and other necessary branches of an ordinary education.

TEXT BOOKS.

Religious Instruction—Catechism, Council Baltimore. 3 hours.

English—Harvey's Elementary Grammar and Composition; Creery's Primary Speller; Catholic National Third Reader; Composition, Letter Writing. 3 hours each.

Arithmetic—Brooks' Normal Elementary. 6 hours.

Bible History—Gilmour. 2 hours.

Geography—Appleton's Primary. 3 hours.

Penmanship—Michaels'. 6 hours.

The Commercial Course.

A thorough, practical business education is the prime object of the Commercial Course. Yet it also aims to prepare young men for educated society, supplying them with such useful knowledge as may fit

them for entering a professional calling, should this be desired. A competent knowledge of the elements of English, Arithmetic, Geography, etc., is requisite for admission to this course. Students who pass a satisfactory examination in all the branches prescribed, may receive the Diploma, with the title of Master of Accounts. Three years are ordinarily required for graduation; more advanced students may, however, be admitted to the second or first class on entering the college.

Third Class.

Commercial Law—W. E. Stipp. 2 hours.

Elocution—Practical Instruction and Debating Society. 1 hour.

Penmanship—Michael's. 3 hours.

The Classical Course.

Besides giving a thorough course of Classical Studies, the Fathers of St. Mary's College are most anxious to educate Priests for the Southern missions.

Wealthy Northern ladies and gentlemen can do no more meritorious work than aid deserving young candidates for the Priesthood to attain their vocations. The Fathers will most joyfully assist in this pious work, and hope to have several more scholarships founded in the course of this year.

A Diploma is awarded to students of the First Class, who pass a satisfactory examination in all the Languages and Sciences taught in this course.

The degree of Bachelor of Arts is conferred upon students who complete two year's Philosophy and pass a satisfactory examination in all the Languages and Sciences taught in the Classical course.

The Academy of The Sacred Heart.

THIS Academy for girls and young ladies is erected on a beautiful knoll between Belmont and St. Mary's College. Furnished with all modern improvements, electricity, steam-heating, water, etc., and so favorably situated in a thoroughly healthy and mild climate, it will soon become the home of young ladies from all parts of the South. Parents and guardians whose sons or wards attend St. Mary's College will find no better school for their daughters than the Sacred Heart Academy.

VIEW OF THE RUINS.

To the Alumni, Students, Patrons and Friends of St. Mary's College—Greeting :

Two weeks ago the Press of the country gave a graphic description of the destruction of St. Mary's College by fire. The greater portion of this famous institution is now in ruins. From all parts of the United States messages of sympathy have been received and the rebuilding is an imperative duty.

Whilst we weep over this terrible loss, we join our beloved Bishop in an act of Thanksgiving, that God has spared our magnificent Church, our Abbey and the lives of every one entrusted to our care. We are assured that hundreds, awaiting a call for financial help, will pride themselves to have aided in raising St. Mary's from its ruins. In full confidence, therefore, we call upon those to whom she is an Alma Mater, upon our patrons and friends, in this hour of affliction. Your benevolence and charity can find no nobler cause than the furtherance of Education and Religion in the South. Contributions to the fund may be addressed to

St. Mary's College

IS connected with Maryhelp Abbey, and conducted by the Fathers of the Order of St. Benedict. It is situated in Gaston County, eleven miles southwest of Charlotte ; two and one-half miles from Mt. Holly, on the Seaboard Air Line, and one mile from Belmont, on the Southern Railroad.

Trains from the North over Charlotte stop at Belmont at 8:35 a. m. and 12:51 p. m.; from Atlanta at 9:11 a. m. and 5:56 p. m. Hotel accommodations and conveyances at Belmont. Wires connect the Western Union Telegraph with the College, where an operator is kept constantly in attendance. Long Distance Telephone in the building.

St. Mary's College was chartered April 1, 1886, with all the privileges of Colleges and Universities in North Carolina. The present College is a handsome brick and granite building, lighted by electricity, and all departments heated by steam, thus insuring a uniform temperature. The system of fire protection and the sanitary plumbing are modern and perfect in every particular. Metal ceilings, tastefully decorated, make every room pleasing to the eye. No expense is spared to promote the health and comfort of our students.

The students, according to age, form three divisions, each of which has its own study-hall, and is under the control of Prefects.

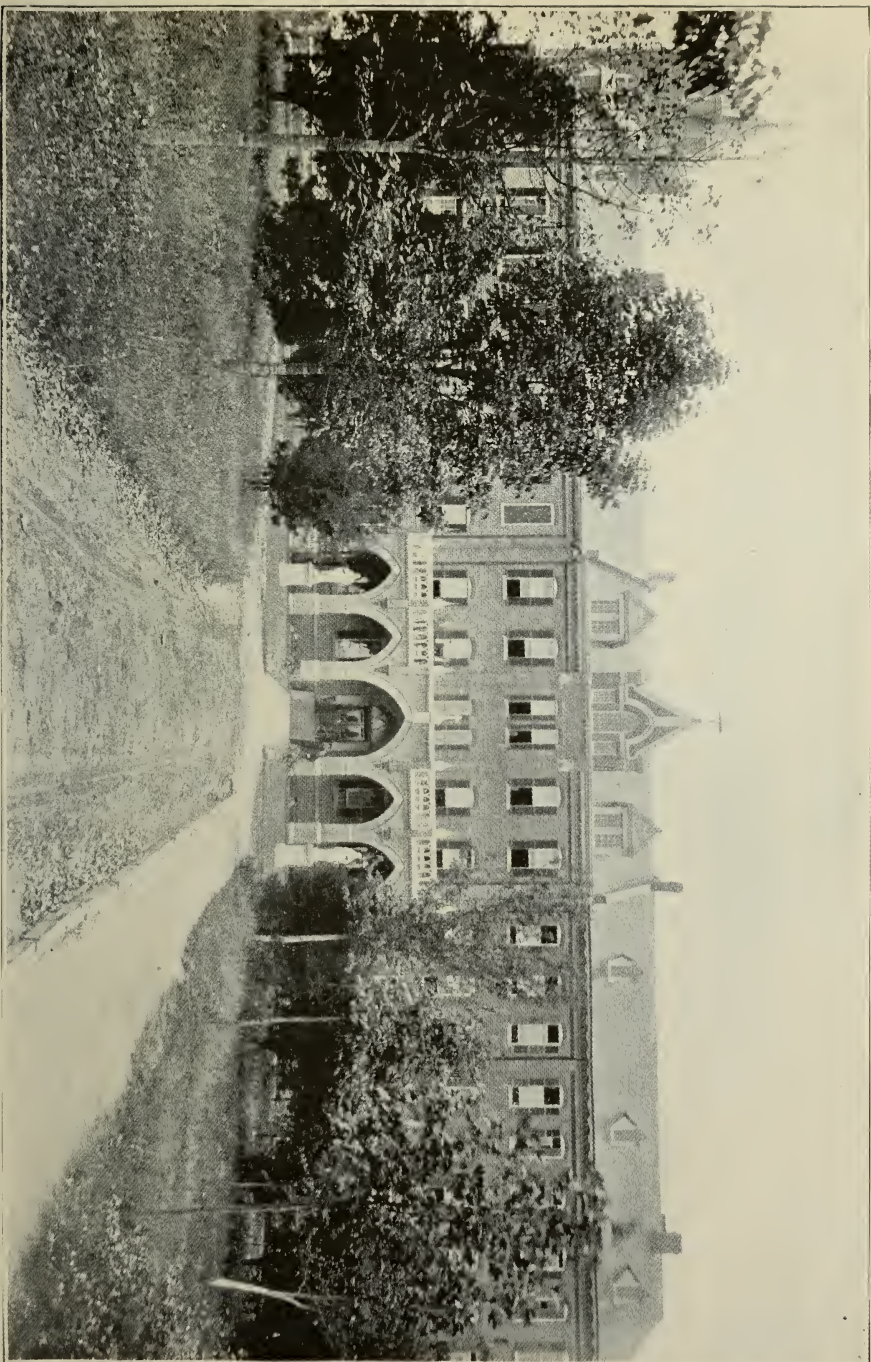

The climate of Gaston County is proverbially

healthful. The land undulates gently, forming a most beautiful succession of hills and valleys. The summer is long, but never over-warm; the coolness of the night ever invites to quiet rest. The winter lasts scarcely five or six weeks, even then the student is seldom obliged to spend one hour of his recreation in-doors.

Strict attention is paid to the moral and religious training of the students. In regard to their studies the most approved methods and the most efficient means are adopted to stimulate, test and develop natural talents, and to insure the acquisition of a thorough training and education.

The College possesses a library for the promotion of good reading, chemical and physical apparatus, a mineral cabinet, and a complete set of anatomical models for the use of advanced students.

Aware that physical training is also necessary to a thorough education, the faculty spare no pains to secure for the students all the advantages to be derived from approved modes of exercise. The extensive grounds are provided with ball fields, tennis courts, hand-ball alleys, and a large gymnasium, well equipped with bowling alley and athletic apparatus. The shady avenues, which everywhere penetrate the charming pine forests, afford most delightful walks at all seasons of the year.

Regulations.

THE Academic year is divided into two sessions of five months each, beginning respectively on the second Thursday of September, and the first of February.

An examination of all the classes is made at the end of each session. Reports are sent four times a year to inform parents of the conduct and improvement of their sons.

Students will be received at any time of the year, and on entering, each student will be placed in the class for which his previous attainments may qualify him.

Pupils who enter after the first of November ; who absent themselves for any notable time during the year ; who do not return on the day appointed after the holidays, or who withdraw before the end of the year, have no claims to class honors or awards for that Academic year.

Students who contemplate entering the College will find it to their interest to be present at the beginning, and have the benefit of the examination to ensure precise classification, and thus have a fair start with their classmates.

Students desiring to ascend to a higher class must be prepared to pass a satisfactory examination in all the studies prescribed for the class from which they wish to be promoted.

A competent knowledge of the elements of English, Arithmetic, Geography, etc., is required for admission to the Classical or Commercial Course.

Special classes are taught for the benefit of students in the Commercial Course who desire a sufficient knowledge of the Latin language for Law and Medicine.

Music, Drawing, Telegraphy, French and German are optional studies.

Applicants from other Colleges will be required to produce testimonials as to good moral character. No distinction is made in the reception of students on account of their religious opinions; however, for the maintenance of good order, all will be required to conform to the external discipline of the Institution.

All letters sent or received by students are subject to the inspection of the Rector, or his substitute, and may be withheld, if found to contain untruths or anything dangerous to good morals.

Students will not be permitted to have books or publications that have not been approved by the Rector. The cultivation of the moral, no less than the intellectual and physical faculties of those under their charge, is a duty kept constantly and sacredly in view by the Fathers.

When a student is to be withdrawn from College, timely notice must be given by letter to the Rector, his account settled, and traveling expenses advanced.

Honors will not be conferred upon students whose debts to the College remain unpaid.

Special Directions.

1. Students will not be permitted to leave the College to procure clothes; they are, therefore, expected to come provided with three or four suits, and sufficient changes of underwear to meet the requirements of the various seasons.

2. For incidental expenses, a small sum of money should be deposited with the Rector. No money will be advanced to students for clothes, pocket money or other purposes, by the College officials.

3. All mail and express matter should be addressed: St. Mary's College, Belmont, Gaston County, N. C. All packages sent by express or freight must be prepaid.

4. Telegrams should be directed to St. Mary's College Telegraph Office, N. C.

5. Pupils entering about the middle of the month are always charged for the full month. No allowance will be made, nor money refunded, for partial absence, or withdrawal before the expiration of the session, except in case of a pupil's serious or protracted illness, or dismissal.

6. The mending of clothes and shoes, etc., is done at the College at reasonable rates.

7. Students spending the Christmas Holidays at home, are requested to leave their trunks at the College.

8. Parents or guardians intending to place their sons or wards in the Institution are requested to send them at the commencement of the first session, as new classes will not be organized after September 30th. Students who arrive when classes have opened are a drawback to their classmates, and a source of special trouble to the Officers and Professors of the College. We must not let classmates suffer to accommodate late comers.

Studies will be resumed Thursday, September 12th, 8 A. M.

Rules of Conduct.

STUDENTS should at all times be obedient and respectful to the Officers and Professors of the College, observe habitual politeness towards one another, and always observe the rules of propriety.

2. Strict silence is to be observed during study and class hours, when going to, and coming from chapel and dining-room, at table, in the dormitories and lavatory.

3. Students should at all times be where duty calls them—thus, during study hours they are to be in the class-room or in the study-hall; during the hours of recreation they are to be on the play-grounds, if the weather permit, else in whatever place may be assigned them for recreation.

4. All boisterousness within the buildings is strictly prohibited.

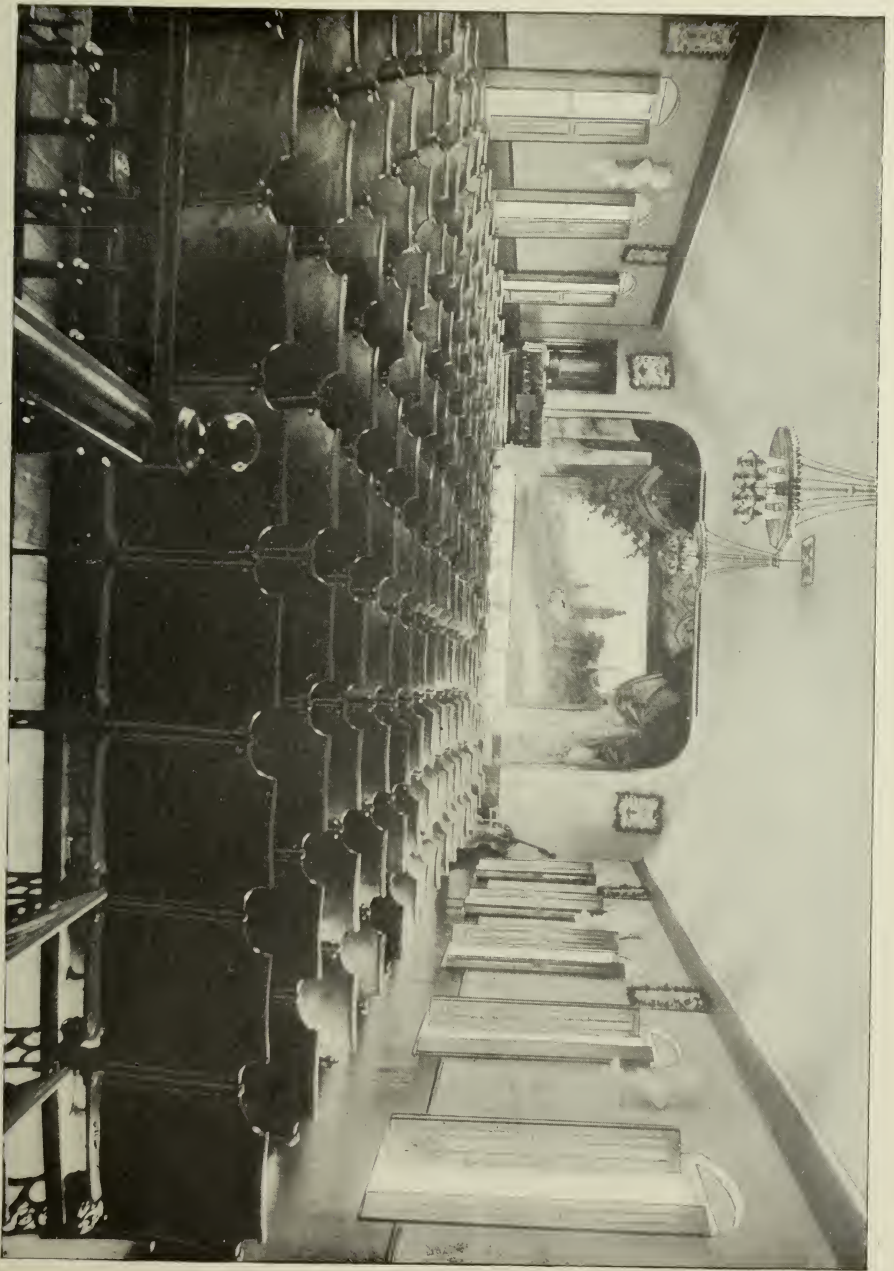

5. Students will be held responsible for damage they do to any furniture whatsoever belonging to the College.

6. All apartments of the College must be kept clean and in good order.

7. When students become aware of the loss of anything, they shall at once notify the prefect; late information will be useless.

8. All linen must be distinctly marked with the owner's name in full.

MUSIC HALL.

9. No articles of clothing will be suffered to remain in the dormitories, except on days when laundry is distributed or received.

10. Students are required to wear light shoes within doors.

11. All books and papers against sound morals will be confiscated, and the owner subjected to punishment.

12. The use of tobacco is prohibited, except to Seniors, who are permitted to smoke under certain restrictions.

13. Unless there be some extraordinary reason letters should be written only on Saturdays and Sundays. They must all be handed open to the Prefect.

14. Correspondence with students who have been dismissed, or who have left College in bad standing, is positively prohibited.

15. All students who, after an absence from College, return to same, must report to the Rector before they enter the study halls.

16. On days of general Communion, all the students who have made their first Holy Communion, are to approach during the Holy Mass, at which they usually assist.

17. No student is allowed to lend, borrow or exchange personal effects of any kind.

18. Day scholars are strictly forbidden to take out letters, or to perform other errands for boarders.

19. Students transgressing any of the above rules will receive condign punishment. Corporal punishment is positively not tolerated.

20. Students who are discovered to exert a bad influence, who pursue a course of habitual disregard of the laws of the Institution or who are found incorrigibly idle will not be permitted to continue at the college.

Terms.

For one Session of Five Months.

CASH for five months in advance is strictly demanded. The College is not endowed; it is entirely dependent for its support on the fees paid for board, tuition, etc., which are as follows :

Tuition, Board, Bedding and Washing of Linen.....	\$100.00
Chemistry.....	15 00

Course of Instruction.

Preparatory Course.

THIS class is intended for pupils who are not sufficiently advanced to enter the Commercial or Classical Course. It presents boys and young men whose time and means are limited, with a good opportunity for obtaining a fair knowledge of English, German, Arithmetic and other necessary branches of an ordinary education.

TEXT BOOKS.

Religious Instruction—Catechism, Council of Baltimore. 3 hours.

Bible History—Gilmour. 2 hours.

Geography—Appleton's Primary. 3 hours.

Penmanship—Michael's. 6 hours.

The Commercial Course.

A thorough, practical business education is the prime object of the Commercial Course. It also aims to prepare young men for educated society, supplying them with such useful knowledge as may fit them for entering a professional calling, should this

be desired. A competent knowledge of the elements of English, Arithmetic, Geography, etc., is requisite for admission to this course. Students who pass a satisfactory examination in all the branches prescribed, may receive the Diploma, with the title of Master of Accounts. Three years are ordinarily required for graduation; more advanced students may, however, be admitted to the second or first-class on entering the college.

The Classical Course.

Besides giving a thorough course of Classical Studies, the Fathers of the College are most anxious to educate Priests for the Southern missions.

Wealthy Catholics can do no more meritorious work than aid deserving young candidates for the Priesthood to attain their vocations. The Fathers will most joyfully assist in this praiseworthy work, and hope to have several more scholarships founded in the course of this year.

A Diploma is awarded to students of the First Class, who pass a satisfactory examination in all the Languages and Sciences taught in this course.

The degree of Bachelor of Arts is conferred upon students who complete two year's Philosophy and pass a satisfactory examination in all the languages and Sciences taught in the Classical course.

The Academy of The Sacred Heart.

THIS Academy for girls and young ladies is erected on a beautiful knoll between Belmont and St. Mary's College. Furnished with all modern improvements, electricity, steam-heating, water, etc., and so favorably situated in a thoroughly healthy and mild climate, it will soon become the home of young ladies from all parts of the South. Parents and guardians whose sons or wards attend St. Mary's College will find no better school for their daughters than the Sacred Heart Academy.
